EXCEPTIONS, EXCLUSIONS, AND LIMITATIONS

THIS IS A CANCER ONLY INSURANCE POLICY. This policy does not insure against: any loss or expense caused by sickness, injury, disability, or disease other than Medically Necessary care and treatment of Cancer even though such condition may be caused, complicated, or otherwise affected by Cancer (in AR only, this policy will cover a condition or disease directly caused or aggravated by Cancer or the treatment of Cancer); care or treatment received outside of the U.S. or its possessions or Canada; care or treatment provided before the Coverage Effective Date or after coverage termination (other than continuous Hospital Confinement up to 90 Days); preexisting conditions for the first 2 years (3 years in DC and NV); or Cancer that is first manifested within the first 30 days following the Coverage Effective Date (other than: a newborn or adopted child as described in the policy; and \$500 in MO) for the first 2 years (30 days in OK; 3 years in DC and NV). The Coverage Effective Date may be later than the date of your application. Persons or conditions excluded in the application are never covered unless there is an amendment attached to the policy that waives the exclusion.

Preexisting Condition means (except in SC): a condition (whether known or unknown) for which medical advice or treatment was recommended by or received from a Physician within the 1-year (5-year in OK) period before the Coverage Effective Date; or symptoms existed within the 1-year period before the Coverage Effective Date for the Covered Person that would cause an ordinarily prudent person ("person" in DC) to seek diagnosis, care, or treatment. (In SC, pre-existing condition means a condition, whether known or unknown, misrepresented or not revealed in the application for which: (1) medical advice or treatment was recommended by or received from a Physician prior to the Coverage Effective Date; or (2) symptoms existed prior to the Coverage Effective Date that would cause an ordinarily prudent person to seek diagnosis, care or treatment.)

This policy is guaranteed renewable for life if the premiums are paid when due or within the Grace Period. We cannot change the premiums unless we do so for all similar policies in your state. In many states, any dispute under this policy or attached riders shall be resolved by negotiation, mediation, or arbitration.

This brochure is only a summary. The actual policy provisions will control. Read your policy carefully.
